SDGs 14 Life Below Water Group H

Problem

- ocean pollution
- overfishing
- decline of the fishing industry
- ocean acidification

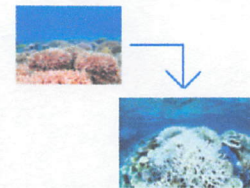

Why??

- plastic waste is flowing into the ocean
- plastic waste never disappears, it just keeps adding up.
- high consumption
- takes a lot of carbon dioxide into the water

The effort of Japanese company

- SUZUKI developed a recovery apparatus of microplastics.
- TECHNO-LABO is making traditional crafts from plastic waste in the sea.

The solution

- Don't buy anything other than what you really need.
- Donate, sell or remake things you no longer need.
- Take your trash home.
- Know what is bad for the ocean.
